OF BLADEN COUNTY. ELECTION FIRST THURSDAY IN AUGUST.

To CORRESPONDENTS .- " A Citizen of

Besides, we presume he will find it necessary to recruit his health by travel or some other species of relaxation during the summer months.

THE 8TH DISTRICT .- Our readers will learn from the proceedings published in to-day's Journal, that the Democrats of the 8th Congressional District, held a District Convention in Newbern on the 9th inst., and it affords us much pleasure in announcing to the voters of said District the unanimous nomination of WM. K. LANE, Esq., of Wayne, as a candidate for a seat in the next House of Representatives. The nomination of Mr. Lane, we have every reason to believe, will meet the hearty approval of the entire Democratic party of the 8th District. Our friends now have a candidate they have reason to be proud of. One who will ever be found ready to meet his opponent, and one who is well qualified to fill the station for which has accepted a nomination. All our friends have to do to ensure his election, is to put their shoulders to the wheel, and work like patriots of old, and success will assuredly crown their efforts. The Federalists have committed too many sins to be successful at this day, even where they had, two years ago, a majority of a few hundred votes. The Federal majority can and will be overcome, if the Democrats will only work. We exhort them to action. The time is but short, and they should use every honorable means to carry the day. Their country looks to in the hour of need.

TROOPS FOR THE WAR .- A correspondent writing to us from Fort Moultrie, under date of the 13th instant, says :-

"You may announce to the public that Company I, 12th U. S. Infantry, (Capt. Clark's) and Company G, 12th U. S. Infantry, recruit-Charleston in the ship Charleston on Friday or Saturday next, for Vera Cruz."

Drowned.—George S. Hussey, of Nantucket, a sailor, belonging to the schr. Patriot, was drowned in the river below the town whilst bathing, on Sunday last. His body was recovered on Monday, and decently interred on Tuesday morning last.

Messrs. John Dawson and John A. Tay lor have been elected Directors of the Branch Bank of the State in this town, to fill the vacancy occasioned by the death of Capt. Sam'l Potter, and the resignation of Mr. Henry R. Savage, who has been elected Cashier of the Cape Fear Bank.

PORTRAIT OF GEN. TAYLOR .- Mr. Drennan, tous calumny than that perpetrated :travelling agent, has placed upon our desk a lithographic portrait of Gen. Taylor, which has just been published in Philadelphia, by A. Hoffy. It is from an original sketch drawn by Capt. Eaton, in Mexico, and is certified to a good likeness of the old General. Where is all this ruin? Why the very reverse is the case. On the 24th of last month, the govern- jury room for consultation ment of the United States had, in the hands of its agents, at various points in the United States, the sum of seven millions of dollars subject to draft, not one cent, however, of all this large sum is in the vaults of any Bank. of the Convention. The divorce between Bank and State is most complete. Well, now, where is that frightful picture of a bankrupt Treasury, of which our Federal friends were wont to discourse so pathetically not many months ago? Again, the revenue Tariff of Mr. Polk's administration is bringing into the Treasury of the United States an increased revenue, the evil predictions of our adversaries to the contrary, notwithstanding. A comparison of the receipts at the principal ports of entry of the United States, between the last quarter and the corresponding quarter under the Tariff of '42, exhibits a very- respectable balance in favor of the former.
